# PureAir Filtration

## OUR COMPANY

**Pure Air Filtration** specializes in custom design solutions for a wide range of vapor phase air purification and contaminant control applications. We develop and apply proven technology to provide efficient and cost effective systems.

**Pure Air Filtration** provides in-house laboratory, chemical production, and unit fabrication facilities for our customers worldwide.

**Pure Air Filtration** designs and builds complete turn-key, prepackaged, pre-wired and pre-piped systems to provide fine temperature, humidity, particulate and air purification for ISA, G-1 Environmental applications.

# APPLICATIONS

**Corrosion Control** for the protection of sensitive instrumentation and electronic equipment in corrosive environments.

**Odor Control** for industrial and municipal wastewater treatment plants and collection systems.

**Emergency Gas Scrubbers** to remove toxic or hazardous gases for personnel or environmental protection.

**Indoor Air Quality** - Improving the quality of air in commercial buildings, museums, and archives.

# CUSTOMERS

*Pure Air Filtration customers include the following:*

- ➔ Refineries
- ➔ Pulp & Paper Mills
- ➔ Chemical Plants
- ➔ Oil & Gas Plants
- ➔ Storage Tank Vents
- ➔ Municipal Wastewater Treatment Plants
- ➔ Hospitals
- ➔ Sewage Pumping Stations
- ➔ Airports
- ➔ Truck Loading Facilities
- ➔ Composting Plants
- ➔ Landfill & Leachate Treatment Plants
- ➔ Museums & Archives
- ➔ Commercial Buildings

# PureAir Filter Media

Pure Air Filtration produces a variety of filter media for efficient and cost effective removal of all corrosive and odorous gaseous contaminants.

# Environmental Monitoring & Technical Services

Pure Air Filtration has endorsed and adopted ISA S71.04-1985 guidelines and performance specifications. Our laboratory media testing predicts media performance, and corrosion coupon testing confirms G1 environments.

- ➔ Temperature & Humidity Data Logging
- ➔ Pure Air Corrosion Coupons
- ➔ Pure Air Real Time Media Bed Monitors
- ➔ Media Life Analysis
- ➔ Follow-up Monitoring Services
